Automation Hardware
Architecture

- Flow meters
- PLC Head
- Pressure regulators
- Control Temp. and Sal.
- Temperature regulation valves
- Monitoring comp.
- Internet conn.
- Temperature and salinity from FerryBox
- RS485 bus
- Analog signal
- Digital signal
- 2-way valve
- 3-way valve
- Temp. Reg. valves
- Freshwater inlet valves
- PLC
- Temperature and salinity from FerryBox
- RJ45 network
- Flow meters
- (Control) Sensors
- PLC
