A
Fully-coupled model vertical diffusivity tuning
CON/ TID / BL
B
Fully-coupled model physical equilibration
CON/ TID / BL
C
Transport matrix extraction from fully-coupled model
CON/ TID / BL
D
Offline TMM BGC parameter optimisation
CON/ TID / BL
E
Fully-coupled, calibrated BGC model spinup
CON/ TID / BL
F
Fully-coupled, calibrated BGC model emission-driven transient simulations
CON/ TID / BL
