

***Interactive comment on “Net ecosystem exchange of carbon dioxide and water of far eastern Siberian Larch (*Larix dahurica*) on permafrost” by A. J. Dolman et al.***

**Anonymous Referee #1**

Received and published: 3 September 2004

The followings are the additional comments from Anonymous Referee #1.

6. Fig. 2: It is better to use larger font. 7. Fig. 6: There is no legend in Fig 6(d). Which line indicates the value of IE or NEE? And the units of NEE and IE should be presented in Fig. 6 (c) and (d).
