Thank you for reviewing our manuscript and for providing supportive comments. We appreciate the effort you made to improve this manuscript and are grateful that you recognized the significant amount of data that was used to create these nitrogen budgets for the Strait of Georgia. Our response to your comments have been uploaded as a *.pdf file and are displayed as a supplement to the comment. We have also attached figures 1 and 2 since we have made changes in response to your review.

Please also note the supplement to this comment:
