

Interactive comment on “Joint effect of freshwater plume and coastal upwelling on phytoplankton growth off the Changjiang River” by Y.-F. Tseng et al.

Anonymous Referee #1

Received and published: 22 October 2013

This is a well-written paper on an important topic : the effect of freshwater plume and coastal upwelling on phytoplankton growth. This paper will have a large impact on the Biogeoscience community, including the areas of nutrient dynamic and phytoplankton ecology.
