This is good paper on an interesting subject. I only have a few minor remarks: Page 267, line 5: Include "from" as in "ranged from a few" Page 267, line 19: Delete two "," from "around 2000 Bq m<sup>-3</sup>" Page 267, line 25: Change "might prevent" into "might have prevented" Page 270, line 1: Change "exist which was" into "present as it" Page 270, line 15: Include "the" before " $^{137}\text{Cs}$ " Page 270, line 17: Delete "because" Page 270, line 18: Include "the" before "2000s"

A: I have revised all points suggested above.
