Received and published: 28 November 2013

Dear Dr. Tseng and co-authors,

Thank you for posting the authors' response of your paper and dealing so thoroughly with the referees' comments. I have now had the opportunity to examine your responses. I find that you have satisfactorily addressed all comments and your paper meets the high quality standards of BG. Accordingly, I am pleased to accept it for publication in Biogeosciences.

Thank you for your excellent contribution.

C6870

Sincerely,

Chang-Keun Kang
