

Interactive comment on “The role of ocean acidification in *Emiliana huxleyi* coccolith thinning in the Mediterranean Sea” by K. J. S. Meier et al.

J. Bijma (Editor)

jelle.bijma@awi.de

Received and published: 11 February 2014

I like to thank the three reviewers (two anonymous and Jorijntje Henderiks) and the Simen Linge Johnson and Jörg Bollmann for their comments on the manuscript. I ask the authors to carefully respond to the issues raised in the three referee comments and the short comment and look forward to the revised manuscript
