# ***Interactive comment on “Riparian zone controls on base cation concentrations in boreal streams” by J. L. J. Ledesma et al.***

**T. J. Battin (Editor)**

tom.battin@univie.ac.at

Received and published: 12 April 2013

Dear Dr. Ledesma,

given the reports of the two experts and their background information I received, I would like to encourage you to submit a thoroughly revised manuscript. Please, make sure that you carefully consider all points of criticism raised by both referees. Based on this and on a second review round, I will then be able to come up with an editorial decision.

Best regards,

Tom Battin
