

Bg2014-176 Final responses

We have made our final changes to the manuscript and figures, enclosed.

From our last submission on August 29, the following changes have been made:

a) Spelling of species names:

Honkenya → Honckenya

Taraxacum → Taraxacum spp.

b) Typo errors pointed out by handling editor have been corrected:

For proofs, p 15 heading 3.3 ‘Comparison’ 17, line 3 ‘ordination’;

We hope that you will now find the manuscript and figures satisfactory for publication.

Don't hesitate to contact us if you come across something or if questions arise.

With best regards,

Borgþór Magnússon
