Interactive comment on “Interactive effects of and light on growth rates and RUBISCO content of small and large centric diatoms” by G. Li and D. A. Campbell

G. Li and D. A. Campbell

dcampbell@mta.ca

Received and published: 1 December 2015

Gang and I thank the three reviewers for their detailed and insightful comments. We will strive to address the issues in a revised manuscript, but it may take a few weeks. best regards, Doug Campbell
