Received and published: 19 January 2016

The reference to Schaeffer et al. (2015; cited on p. 20105), which refers to details on the data processing, is missing from the list of references. If it has not been published yet, then it would be helpful to include these details in the present paper.

Interactive comment on Biogeosciences Discuss., 12, 20101, 2015.
