Received and published: 23 February 2010

Dear Dr. Suzuki, Attached please find our manuscript, “Changes in the spectrum and rates of extracellular enzyme activities in seawater following aggregate formation”, revised in accordance with your comments and those of the three reviewers. We appreciate their thoughtful comments, and find that the manuscript has been considerably improved through these revisions. Attached is a detailed response to each of the reviewers’ comments. We hope that the manuscript will now be acceptable for publication in Biogeosciences.

Sincerely, Kai Ziervogel
