Dear Dr. T. Smyth,

We thank you greatly for your positive feedbacks and appreciate your valuable comments. We found your suggestions very constructive and tried to implement them in the manuscript. You will find our responses, as a supplementary file in pdf.

Please note that this file contains two parts, separating our answers to the both reviewers.

[A numbering order has been implemented for referring to the comments of each re-

C6168

viewer. In this way, your comments have been sorted (in the first part) from C1 to C20, and our responses from R1 to R20, respectively.]

Many thanks again for your contribution!

Kind regards, Alireza Sadeghi, (on behalf of the co-authors)
