The authors are grateful to both reviewers' comments and suggestions, and L. Cotrim da Cunha would like to apologize for the delay in sending the reply to the reviewers' comments. I (Leticia) moved from Germany to Brazil in May 2012 to start a new position at Rio de Janeiro State University in June 2012, after living 16 years abroad. The “settling”, both at the University as well as in my private life took much longer than I expected causing this delay in sending this comment (as a supplement pdf file).
