Received and published: 14 December 2012

Dear Editor and reviewers

We are pleased that reviewer 2 considers the manuscript to be interesting and that the reviewer agree on the chosen methods. We have answered each of the questions by reviewer 2 and provided a list of additional changes to the manuscript that will complement the list in reply to reviewer 1. This is available in the pdf-file

On behalf of all co-authors Carsten Ambelas Skjøth

Please also note the supplement to this comment: C6524
