Received and published: 4 March 2013

I would like to thank the reviewers very much for the comment and suggestions. These thoughtful opinions and insight have helped up improve this manuscript a lot. In the revised version, we redrew figures 2, 3, 4, 5, 6 and Table 2. We have indicated the revised parts with red text in the revised manuscript. Please find our response in the attached pdf file.

Please also note the supplement to this comment:

C8730
