Received and published: 29 April 2016

The authors thank the reviewer for her/his comments

Reply to Referee 2 comments "Page 4, line 35: Figure 2 relates SCD/TOC, but author related it with silicic acid table 1: (review Galiza)"

- The Spanish designation Galiza has been changed to the English one, Galicia
- The Figure 2 mentioned on Page 4, line 35 is the Supplementary Information Figure 2, rather than the Paper figure that the reviewer refers to.
