Received and published: 28 September 2016

Dear Dr. Robinson:

Thank you for spending effort to process our manuscript again. Please find our detailed responses to the reviewer comments of manuscript entitled, “The influence of episodic flooding on pelagic ecosystem in the East China Sea” [manuscript no: bg-2016-246], from supplement in pdf format.

As you can, perhaps, see from the amount of detail included in our responses, we have taken the reviewers’ comments very seriously in preparing this revised manuscript. In general, we are confident that we have been able to respond clearly and reasonably to these comments. Overall, we feel that the comments were very helpful and that they contributed to a greatly improved manuscript.

C1

We look forward to your decision concerning our manuscript.

With Best regards,

Chung-Chi
