Received and published: 5 December 2016

We would like to thank reviewer Jelle Bijma for his helpful comments and suggestions to improve the manuscript. As attachment is a pdf file where all the comments were addressed and the answers are highlighted in blue below. Line numbers refer to the revised version of the manuscript that we prepared (also in the pdf) and hope to upload in the near future. The responses are given on behalf of all co-authors.

Best regards,

Andreia Rebotim
