Interactive comment on “Experimental diagenesis: Insights into aragonite to calcite transformation of *Arctica islandica* shells by hydrothermal treatment” by Laura A. Casella et al.

Laura A. Casella et al.

laura.casella@lrz.uni-muenchen.de

Received and published: 20 December 2016

Dear Dr. de Nooijer,

This author comment contains the appendix figures. The amended text and the detailed reply were uploaded in the previous author comments.

Thank you for handling our manuscript.

Yours sincerely,

Laura Casella
