Received and published: 11 December 2017

Thank you for your constructive feedback on our manuscript. We consider very carefully each comment and suggestion that has been pointed out. The comments and suggestions have helped us to greatly improve our manuscript. Please find our point-to-point response for each of the comment in the supplement file as attached. We quote each of the comment and numbered it accordingly (i.e Comment 1) and our response (i.e Response 1) is right after the comment. Thank you.

Please also note the supplement to this comment:
