We thank both reviewers for their in-depth reviews of our manuscript. Given the overlapping nature of the various comments, and the resulting re-write of the manuscript, we provide responses to both reviews in the attached zip file, along with a revised manuscript and revised supplementary material. We provide both a clean and a 'track changes' version of the revised manuscript to aid the reviewers and editor in assessing the changes we've made. We apologise for the long delay in our final response.

Please also note the supplement to this comment:
