Dear referees,

We would like to thank you for the careful consideration of our manuscript. Please find in the attached document our detailed responses to your comments. Due to the considerable overlap in our responses to both referees, we decided to upload a single document. The responses to Referee #1 and Referee #2 are found on pages 1-8 and 9-13, respectively.

Kind regards on behalf of all co-authors,

C1

Sami Jokinen, University of Turku, Finland
