

Comparative analysis of trade-offs and synergies in ecosystem services between Guanzhong Basin and Hanzhong Basin in China

Bo-Yan Li, Wei Wang, Yun-Chen Wang

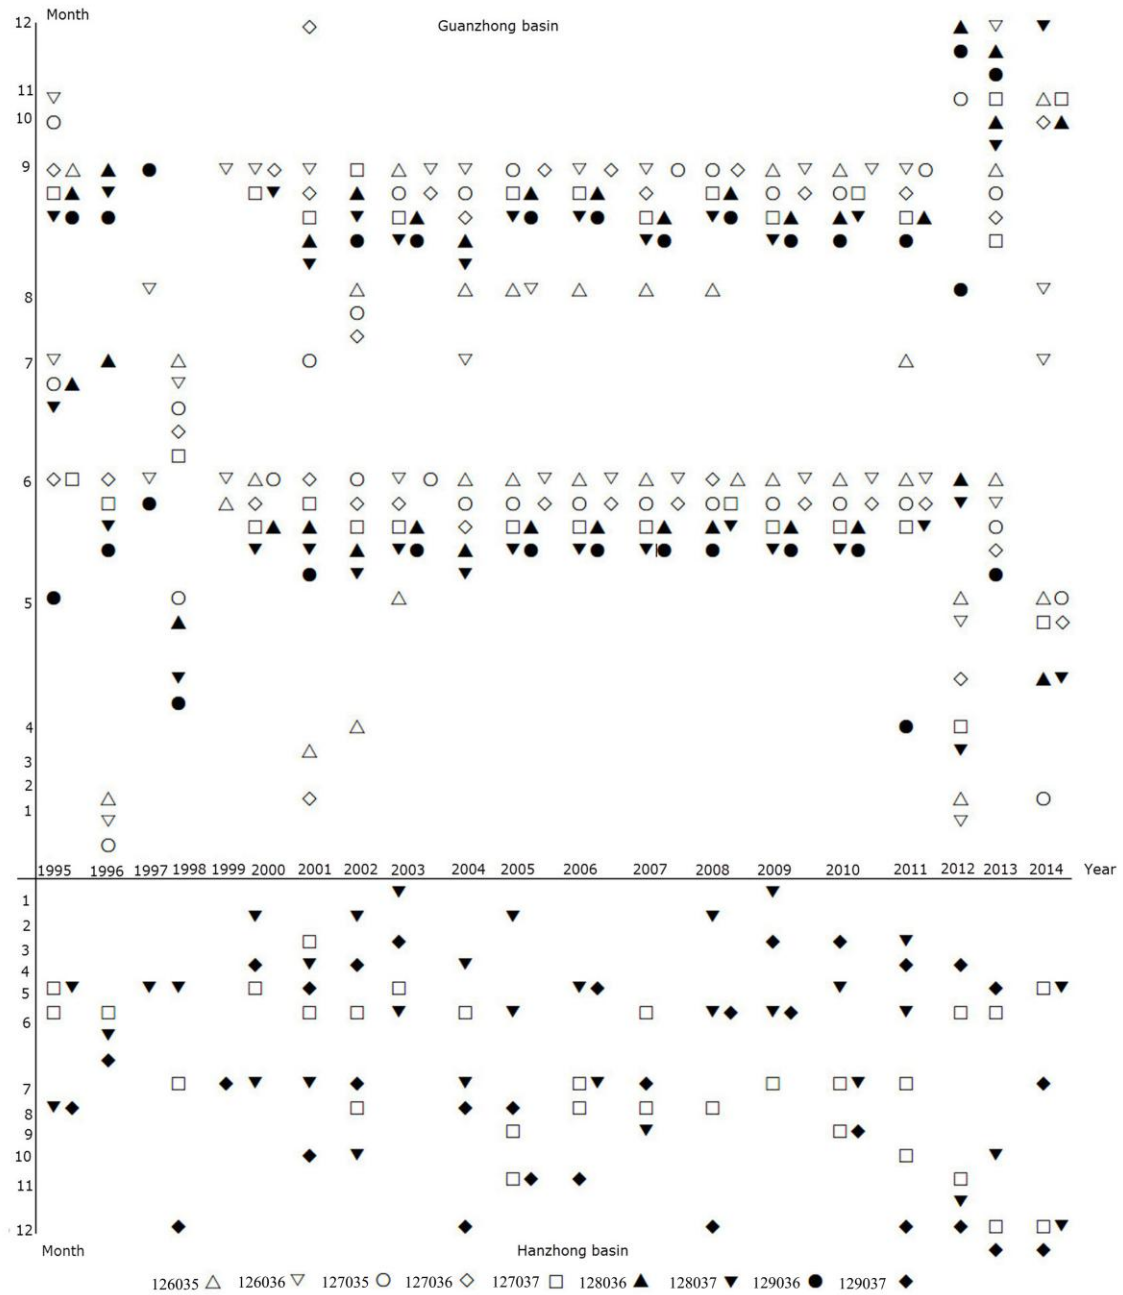

Figure A1: Temporal distribution of Landsat remote sensing images in Guanzhong Basin and Hanzhong Basin. The vertical axis is the month (above is the Landsat image month of Guanzhong Basin, which was the Landsat image month of the Hanzhong Basin), and the horizontal axis is the year (1995-2014).
