Interactive comment on "The role of hydrodynamic and biogeochemistry on CO_2 flux and pCO_2 at the Amazon River mouth" *by* Diani F. S. Less et al.

David Gillikin (Editor)

gillikid@union.edu

Received and published: 4 April 2019

Dear Authors,

Unfortunately, based on two reviews by specialists in the field, I will reject your manuscript. Both Reviewers suggest reject and point out several major issues with the study. I concur. I suggest you withdraw the manuscript.

Sincerely, David Gillikin
