Dear Reviewer#2,

According to your suggestions below, we have added Fig. A in supplementary material and "and temperature" in line 343 (blue texts) in the present manuscript. Please confirm our correction. We have appreciated your valuable comments throughout the reviewing processes.

1) The only comment I have is to recommend the authors add the Fig.A (in the responding file) into supplementary material, but i also think the authors can decide on whether to take it.
2) Line 343, AND TEMPERATURE
