

***Interactive comment on* “Scaling carbon fluxes from eddy covariance sites to globe: Synthesis and evaluation of the FLUXCOM approach” by Martin Jung et al.**

Martin Jung et al.

mjung@bgc-jena.mpg.de

Received and published: 29 January 2020

We thank reviewer #2 for the positive assessment of our work and manuscript.

We reformulated the mentioned sentence to:

“Here, the Random Forests method performed less well compared to the other two methods.”

We also carefully checked appropriate usage of terms in the manuscript and revised accordingly if needed.
