Received and published: 5 December 2019

We would like to thank the reviewers for taking the time to review our manuscript and provide constructive comments that helped improve the quality of the manuscript. Following their comments, we produced a response for every point they raised and made changes to improve the manuscript accordingly. Please find our response to referee #1 in the supplemental .pdf file, where reviewers' comments are in blue, author's response in black, and changes to the manuscript in green.
