

Interactive comment on “Regulation of nitrous oxide production in low oxygen waters off the coast of Peru” by Claudia Frey et al.

Claudia Frey et al.

claudia.frey@unibas.ch

Received and published: 31 January 2020

Dear referee, we appreciate the suggestion of the paper by Torres-Beltrán et al., 2019 whom did a great job in comparing in situ sampling and conventional Niskin/Go-flow bottle sampling. We refer to the paper in our manuscript. Best, Frey et al.
