

Interactive comment on “Climate change and elevated CO₂ favor forest over savanna under different future scenarios in South Asia” by Dushyant Kumar et al.

Hisashi Sato (Referee)

hsato@jamstec.go.jp

Received and published: 22 July 2020

The editorial office checked the system and found out that I had two different user IDs which caused this problem. In addition to the account I normally use, I had different ID, which is connected to the referee role. Now, the problem was fixed and I submitted my referee report. So, please ignore this thread.
