Hi- we in SOCCOM are very glad that you have made such great use of the under ice data from SOCCOM floats. Could we ask that you include our data statement in the acknowledgments? This will help with supporting continued funding from NSF (SOCCOM), NASA (FLBBs on the floats), and NOAA (Argo). We have a statement on our data page <https://socom.princeton.edu/content/data-access>

<https://socom.princeton.edu/content/acknowledgment-text>

"Data were collected and made freely available by the Southern Ocean Carbon and
