Interactive comment on "Carbon Export and Fate Beneath a Dynamic Upwelled Filament off the California Coast" *by* Hannah L. Bourne et al.

Hannah L. Bourne et al.

jkbishop@berkeley.edu

Received and published: 18 December 2020

At Reviewer 1's request, we have revised Figure 16. This should complete the edits that we propose for the paper; all others are detailed in our responses. The right side panels compare CFE fluxes with PIT and new production fluxes. We have shown that the data support the major conclusions of the manuscript.
